ABOUT THE MONROE FOUNDATION

The Monroe Foundation was organized in 1991 to provide technical assistance to community development projects seeking to change the conditions of their communities, and find funding to support their efforts.

We seek to work with:

- Organizations that involve the people they serve as decision makers;
- Small business and entrepreneurship efforts that create employment opportunities in a community; and
- Organizations that have goals and objectives that positively impact community issues through social justice and public policy actions.

A committee of The Foundation responds to all inquiries for assistance and membership.

Mission Statement: The Monroe Foundation is a publicly-supported not-for-profit agency that seeks to educate, link and fund community development projects in the low-income communities in the State of Illinois.
